LOGISTICS

Tanker truck and tanker railcar cleaning

Take advantage of the largest and most capable tanker truck and tanker railcar cleaning line in the ChemDelta Bavaria. In conjunction with our rail and container workshop and the "Turntable" container logistics solution, you have access to a complete service package for your tanker containers or tanker railcars.

Benefit from our decades of experience cleaning tanker vessels for the chemical industry and tap into the advantages of a broad cleaning spectrum in our in-house wastewater treatment plant. Our trained staff warrants high-quality cleaning of your transportation equipment for liquid cargo.

Our services:

- Clean tanker trucks, tanker containers, and tanker railcars for essentially all commonly used chemical products, such as toxic products, glues, lyes, grease, additives, dispersions, oils, and acids
- Environmentally compliant disposal of product residue
- Pathogen-free cleaning of tanker trucks/tanker containers
- Drying of transportation vessels
- Certified iaw. DIN EN ISO 9001 and SQAS
- Option to conduct recurring inspections on tanker railcars and tanker containers and for repairs in the in-house workshop
- Tank or container warehousing and transfers (HazMat and non-HazMat)
