GENDORF Modern Workplace

Our experienced IT subject-matter experts design and operate "Modern Workplaces" on your behalf, and make sure that you benefit from leading-edge IT tools in your daily work.

In addition to the known tools Outlook, SharePoint, and Skype for Business, the Microsoft collaboration environment additionally offers tools and platforms for efficient and productive collaboration. Yammer, Office 365 Groups and Teams are some of the tools that make up the so-called "Modern Workplace". We assist you in the selection and combination of matching applications and assemble a customized IT package for you.

Our services:

- Plan, design, assist in the selection and setup of the "Modern Workplace"
- Procure the required IT resources
- Operate "Fully-Managed Modern Workplaces"
