

High-performance IT security & digital infrastructure solutions

IT INDUSTRIAL SOLUTIONS

GENDORF Communications & Collaboration

In order to ensure that your communication works, we assist you with the planning, design, setup, and integration of IT communications systems and collaboration platforms.

We make sure that your communication is even more efficient going forward: We create mobility and reachability for you and your employees, while at the same time giving you high availability and security. For all our products and solutions, we are committed to the quality you need to achieve your objectives.

Our services:

- Plan, design, setup, and operate collaboration platforms
- Assistance for selecting and procuring the appropriate IT resources
- Operate communications systems and collaboration systems as a managed service
